Professional Summary:

Experienced Software Engineer with expertise in React.js and a robust background in web development. Proficient in designing, developing, and maintaining complex web applications with a focus on efficiency, scalability, and user-friendly interfaces. Skilled in front-end technologies such as HTML, CSS, and JavaScript. Adept at collaborating with cross-functional teams to drive projects from concept to completion, ensuring alignment with business objectives and user needs. Committed to continuous learning and staying current with industry trends and best practices to deliver innovative solutions.

Career Goals and Aspirations: Aspiring to leverage my expertise in software engineering to drive innovation and efficiency in web development projects. Eager to take on new challenges and contribute to impactful solutions in a dynamic tech environment.

Experience:

Infosys Ltd, Chandigarh

Software Engineer

October 2022 – Present

- Engineered and launched a responsive web application, optimizing load times by 40% and boosting user engagement metrics by 25%, resulting in a 15% increase in monthly active users.
- Provided valuable insights in project planning, aligning technical implementation with business goals.
- Demonstrated proficiency in customizing and extending web development functionalities to meet unique business requirements, resulting in streamlined processes, improved user experience, and positive stakeholder feedback.
- Optimized application performance, ensuring system reliability and faster load times, leading to a 40% improvement in website loading speed and a 25% decrease in system downtime.
- Mentored junior web developers, sharing industry knowledge, which led to a 50% increase in productivity and a 20% boost in project delivery efficiency within the Web Development practice.

Key projects:

- **Tool Management (D.I.V.E):** This Project transforms files from one format to another.

Role and Responsibility-

- ✓ Built the UI component of the project.
- ✓ Implemented signup and login functionality.
- ✓ Executed the file conversion process using Python scripts.

- **Cricket Website (ScoreBuzz):** This is a personal project, in this user can view all type of cricket update and also live match score.

Role and Responsibility-

- ✓ Developed the UI component of the project.
- ✓ Managed API data handling.

- **News Website:** This is a personal project, in this user can view all type of News related to different categories.

Role and Responsibility-

- ✓ Developed the UI component of the project.
- ✓ Managed API data handling.
- ✓ Show the latest News preferred by the user.

Technical Skills:

- **Web Development Technologies:** HTML, CSS, JavaScript
- **Frameworks:** React.js
- **Databases:** SQL, MySQL
- **Cloud Technologies:** Beginner in Cloud, AWS Certified Cloud Practitioner
- **Version Control:** Git, GitHub
- **Hosting Platforms:** Vercel, Netlify
- **Backend Services:** Firebase, Appwrite

Soft Skills:

- Communication
- Teamwork and Collaboration
- Solution-oriented approach
- Adaptability
- Creativity and Innovation

Education:

- Bachelor of Technology, Institute of Technology & Management, Gorakhpur with (8.06 CGPA) July 2018 - June 2022
- Intermediate, Shree Bhola Ram Maskara Inter College, Gorakhpur with (77%) - 2018
- High School, Sahid R B Singh Higher Secondary School, Gorakhpur with (87%) - 2016

Certifications:

- Infosys Certified Front-End-Web Developer
- Infosys Certified JavaScript Developer
- Infosys Certified AWS Cloud Practitioner
- AWS Certified Cloud Practitioner
- Microsoft Certified Azure AI Fundamentals (AI-900)
- Microsoft Certified Azure Fundamentals (AZ-900)
- Infosys Certified AI Professional

Professional Affiliations:

- Member, IEEE Computer Society.

Awards and Honors:

- Received Gracias award in (November 2023)
- Goalkeeper for contributing in Project (April 2024)

Languages:

- Hindi (Native), English (Fluent)
